Instructions to Wagon Superintendents

Wagon Superintendents must watch closely the interests of the Company, and see that customers are not allowed to **buy more than they can pay for.**

They must assist agents as much as possible, giving them full information and helping them in making Sales.

New Agents must be carefully instructed, and given as many "pointers" as possible. Any neglect in this matter should be reported to manager.

They must always carry a good assortment of goods and take their wagons only into good territory, as directed by manager.

They must "pull," "exchange" or fix up" promptly any and all leases as directed by manager.

Wagon Superintendent's most important duty is to verify all Leases **as soon as made**, accepting nothing but good, clean business.

He must pass on the following points in verifying each Lease:

Is the customer all right and good for the amount of the Lease?

Is the Price, Down Payment and Weekly Payment correct; and understood by customer?

Is the Lease filled in completely, and properly signed (see Rule 7) and name and address written plainly?

If "O. K." sign lease and customers duplicate in space provided for same which will indicate that the Lease, in your estimation, is all right.

Tell the customer as nearly as possible when the Collector will call and to have the money ready.

But, if the Lease is not a good one, or customer already has all she can keep up payment on, take back the goods, returning to Customer the amount of money actually paid—which you should at once demand and recover from Agent.

Sales wagons must be at store each morning at 7 o'clock.

Wagon Superintendents will be held strictly responsible for bad business accepted by them in violation of our rules; also for loss caused by agents overloading customers.

Rules

Rule 1. All goods on check to Agents and Wagon Superintendents must be returned to store each day and on demand at any hour.

Rule 2. Agents are responsible in every way for all goods leased, until leases are verified to the satisfaction of Manager, and until one collection is received from lessee direct by regular collector.

Rule 3. All goods must be leased at the prices and terms as described in Agents' Price List.

Rule 4. No goods to be rented in barred districts, or to Negroes, Italians or Chinese; to single persons or any irresponsible parties—the Manager alone to be the judge.

Rule 5. Only one article can be sold on a lease excepting that combinations of goods to value of \$13.00 only can go on one Lease.

Rule 6. Agents must turn over to Wagon Superintendent at once all Sales and Leases, together with any and all money due the office, as soon as sale is made.

Rule 7. Agents must fill in all Leases carefully and have customer sign her husband's name—for instance, have her sign Mrs. John Nelson, rather than Mrs. Jane Nelson, and enter husband's occupation and business address.

Rule 8. Agents will not be allowed to "Plant" or leave goods on approval or sell more goods to customers who are delinquent on other bills or have all they can pay for.

Rule 9. Agents will be obliged to "pull" goods, "exchange" and "fix up" sales when requested to do so by Manager.

Rule 10. Collector will investigate, and also verify all leases on his first call. If leases are not satisfactory to collector, he will return money paid and bring goods to store, charging agent with the amount of money returned and any expense we may have been to in recovering goods.

Rule 11. Agents are obliged to Re-Lease or Re-Sell their own returns when so ordered by manager.

Commissions are not same on all goods—for information see Manager.

N. B.—Agents and Wagon Superintendents in going to work for us, do by virtue of such act agree to live up to all Rules and Instructions printed herein; and to such other Rules as the Company and Manager may make.

The New Adams Washing Machine

No. 160.

The best in the market.
The greatest saver of
household labor ever
invented.

It washes clothes
perfectly clean.

It works smooth and
easy.

It cannot tear
clothes.

It adjusts itself to
the size of the wash, so
you can wash one shirt
as well as ten.

It is impervious to
water and rust, the
construction being of

(Opened)

cypress lumber and
tinned nails. All cast-
ings used in the inner
contruction are gal-
vanized, so clothes ab-
solutely will not re-
ceive any rust spots
while washing. It has
the latest improve-
ments, rendering it ab-
solutely free from
every objection.

With this machine
you can wash lace cur-
tains and needlework
without tearing, and
better than by hand.

(Closed.)

Actual trial has proven beyond a doubt they will wash
clean quicker, with more ease and less injury to clothes
than any other machine now in use. They Rob Wash
Day of its Horrors.

Vintage Pattern

"Tipped" Pattern

There are now on the market several makes of Rogers goods, but only one brand of "1847 ROGERS BROS. A1" Spoons, Forks, Knives, etc. We have had ample opportunity to investigate the wearing qualities of the different Rogers brands, and find the "1847" goods always please. We have no complaints and in adopting them have the satisfaction of sending out what we believe to be the highest and best grade of Rogers goods manufactured. The trade mark, "1847 ROGERS BROS. A1" has been before the public for fifty years, and its reputation is unquestioned. While goods bearing this mark cost a little more than the other brands of Rogers, we are fully convinced they are worth all the difference, and cannot recommend too highly goods bearing the trade mark "1847 ROGERS BROS. A1." Much inferior ware is on the market at the present time and sold as "Quadruple." Purchasers, therefore, cannot be too careful to study the trade mark, as this is absolutely the only guarantee one has to the quality of silver plate.
